Below this is a blue square containing a grey semi-circle and concentric blue circles. Further down is a pink square with a series of white lines forming a perspective effect. The bottom left corner is a bright pink square. A diagonal white line runs from the top left towards the bottom right, separating these shapes from the solid blue background on the right.

Domestic Violence Monthly Reports

Monthly Public Reports

The monthly public reports provide **static data** generated from a statewide database of domestic violence and peace orders issued anywhere in the state and include statistics on the number of orders issued, grounds for granted orders, reasons for denied and dismissed petitions, and reasons for granted orders. **Monthly public reports are run on the first day of each month and provide information for the previous month.** (For example, the October 2014 monthly public report is run on November 1 and includes information from October 1 through October 31.) Cases that are dismissed, appealed or otherwise modified, however, the public reports provide a snapshot of information for a given month.
