

**Addendum No. 1
Land Records Book Transport
Project No. K22-0052-19**

1/13/2022

The purpose of this addendum is to amend and clarify certain portions of the above-referenced solicitation with all prospective bidders/offerors.

Questions:

Q1. Is this a two-part move?

A1. Yes.

Q2. What will the vendor supply versus what the AOC will supply?

A2. Refer to Section III.D.6

Q3. It states that the Successful Bidder shall provide the Procurement Officer with the total number of pallets to be shipped and the total weight of all boxes per pallet no later than ten (10) days after Purchase Order Issuance. How is this to be done?

A3. Refer to Section III.6.D. The Successful Bidder must complete this step before the transport and delivery can occur as the Procurement Office will conduct a separate procurement for the gamma irradiation services.

All addenda will be incorporated into the final contract documents and will be binding on all bidders/offerors responding to this solicitation. Each bidder/offeror submitting a bid/proposal must acknowledge receipt of all addenda by completing and forwarding Attachment H (included in bid/proposal package) with the bid/proposal response; failure to acknowledge addenda may result in the bid/proposal rejection.
